

## Aubin Industries Presents a New Game Changer

### The Swivel-EAZ® Pro- a precision caster

Aubin Industries is pleased to announce the arrival of the Swivel-EAZ® Pro. Over the last 10 years our Swivel-EAZ® wheels have changed the ergonomic landscape of material handling. These two combined, are Maintenance Free and will create the finest ergonomic and engineering system for limitless motion and ease of movement available.

#### The Swivel-EAZ® Pro Caster Benefits:

|  |   |
|--|---|
| • Unlimited Design Options for Load Distribution | • Available in Capacities up to 30,000 lbs. |
| • Independent Motion in any Direction            | • Ergonomically Superior                    |
| • 3 Axis System for Ease of Movement             | • Minimize Inventory Requirements           |
| • No Longer Limited to 4 Caster per Cart         | • Reduces Floor Contact Pressure            |
| • 100% Maintenance Free (24/7 Capability)        | • Made in the USA                           |
| • Average 50 - 70% Reduction in Push/Pull        | • Eliminates Caster Side Kick               |

#### **Customer Test Example: 2300 lbs cart**

Cart 1: 2- standard single swivel casters/ 2- rigid casters / donut tread wheel 95A

Result: 96 lbs force to move

Cart 2: 2- Swivel-EAZ® Pro casters/ 2- rigid Pro casters / Swivel-EAZ® Crown wheel 95A

Result: **33 lbs** force to move

The Swivel-EAZ® Pro caster opens up creative design options that have never existed in the Material Handling Industry before. Call us today at **1-800-324-0051** to discuss and learn more about design options to fit your ergonomic and engineering needs.
