

Aubin Industries Invents a Better Wheel

The Swivel-EAZ[®] Wheel- *a precision wheel*

Swivel-EAZ[®] wheels, created and patented by Aubin Industries, are designed to reduce turning and rolling resistance on swivel, rigid, and fixed axle systems. The Swivel-EAZ[®] wheels also carry twice the load of Standard size wheels with similar tread hardness. With 10 years in service the Swivel-EAZ[®] wheels alone have shown a minimum 35-50% reduction in push pull.

The Swivel-EAZ[®] Wheel Benefits:

| | |
|---|---|
| • Direct Retrofit into your current casters | • Reduced Rolling Resistance |
| • 35 - 50% Push/Pull Improvement | • Ergonomically Superior |
| • 100% Maintenance Free (24/7 Capability) | • Superior Wear Resistance |
| • Made in the USA | • Multiple Configurations to fit your application |

The Swivel-EAZ[®] wheel opens up creative design options that have never existed in the Material Handling Industry before. Call us today at **1-800-324-0051** to discuss and learn more about design options to fit your ergonomic and engineering needs.
